Dr. J. C. Woodruff,
Director, Microbiological Research,
Merck & Co., Inc.
Rahway, N.J.

Dear Dr. Woodruff,

My thanks to Merck, and yourself, for your generous gift of vitamins as requested. I hope my request for 1 gm. of desthiobiotin (dl-Desthiocallobiotin) did not seem exorbitant; I was under the impression that it was more available than biotin itself.

A shipment of five items arrived concurrently with your letter; I trust that 100 mg. Biotin and 100 mg. ...thiazole were sent separately and have simply not yet arrived.

Yours sincerely,

Joshua Lederberg
Asst. Professor of Genetics
